Directions:

1. **HEADER IMAGE:** Right click on the image above, save it to your device, then add to your email invite. You can also download the image at the bottom of [this webpage](#).
2. **SUBJECT LINE:** Add this to your email subject line: **Calling All Community Champions — It's Time to Blitz!**
3. **EMAIL BODY:** Copy / paste the email body template included on the next page. Be sure to replace info in brackets.
4. **FLYER ATTACHMENT:** Don't forget to attach the flyer for your event. You can download your customizable flyer at the bottom of [this webpage](#).

Template, Email Body:

Hi [Name],

We're hosting a **BizBlitz** in [Community Name], and as a **Community Champion** we'd love to have you join us! This high-energy outreach event is designed to help us connect with local businesses face-to-face, share the benefits of **What'sUp 24/7**, and get them signed up and visible on the spot.

Here are the details:

Event Details:

Date: [Insert Date]

Time: [Insert Start–End Time]

Location: [Insert Meeting Location Name & Address]

We'll meet briefly at the start for a quick refresher on what to say, divide into teams of two, and map out blitz zones. Then we'll hit the streets to visit businesses, invite them to get visible, and help them sign up.

Our goal is simple:

See how many businesses we can reach and sign up in one focused hour.

After the blitz, we'll meet back at [Location] to share wins, celebrate results, and track our impact together.

Whether you've been part of a BizBlitz before or this is your first time, your support makes a **real difference**. Your energy, your voice, and your local connections help **strengthen our community** and expand visibility for businesses that need it most.

If you're able to participate, just reply to this email and let us know you're in! Thanks for being part of the **360° Circle of Connection** within our community — we can't wait to blitz with you!

Warmly,

[Signature]

P.S. No experience needed — we'll have scripts, Blitz Cards, and QR codes ready.
