WHAT IS WHAT'SUP 24/7?

What'sUp 24/7 is a **community-powered digital platform** that helps people easily find local businesses, organizations, events, jobs, and resources — all in one trusted place.

Think of it as a **modern, digital replacement for the old phone book** — similar to Googling something locally — but built specifically for communities and regions.

Your business or organization plays an important role in our community, and being listed helps ensure people can easily find, support, and connect with what you offer.

LISTING TYPES

- ✓ Business & Organization Info
- ✓ Events & Activities
- ✓ Job Opportunities
- ✓ Destinations & Attractions
- ✓ Community Resources

WHY IS IT IMPORTANT?

Communities thrive when information is easy to find. When businesses and organizations are visible:

- ✓ Residents can support what's local
- ✓ Employers can connect with talent
- ✓ Events and opportunities reach more people
- ✓ Communities tell a stronger, more complete story

Every listing plays a role in shaping how a community shows up — both locally and regionally.
